

THERE IS A SAFE WAY OUT

ASK YOURSELF...

- Can you leave your job or situation if you want?
- Do you feel safe at work?
- Does someone else control your money and hold your identification?
- Have you been physically harmed or threatened to be harmed at work?
- Are you forced to make a certain amount of money a day/week? What happens if you don't?
- Are you forced to do things you do not want to do?

If you answered yes to any of these questions, get help.
