During
**FREEZING
TEMPERATURES**

Turn your thermostat down a few degrees to conserve energy.

Keep your garage door closed if your car is not running.

Open cabinets with pipes to let heat in.

Know how to shut your water off to prevent flooding and property damage if a pipe bursts.

Let your faucets drip.

Close fireplace damper (**if not in use**) to prevent heat from escaping up the chimney.

Go to share.plano.gov/WaterHowTo to watch a video on how to shut water off to your home.
